ABOUT ME

I am a front-end developer. I primarily focus on writing clean, elegant, and efficient code. I am proficient in HTML5, CSS3, JavaScript (React), and Git. I also review existing code and can consult with you on how to improve it. During this year, I have studied actively how to develop and maintain web sites.

MY PROJECTS

2022	Clothing e-commerce
	My first big project
	It is a clothing store, with different products, and stripe payment
2022	House Marketplace
	Great website
	It is a website where you can list your house for sale or look for your future house
